## BIOGRAPHY

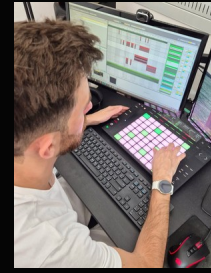

Originally from London, Dave Buckley "Bucks" crafts unique and dynamic sets that captivate audiences. Specialising in upscale restaurants and bars, he delivers seamless sets with a keen ear for thoughtful track selection. His passion for music is backed by professional training, including courses with Toolroom and Point Blank Music School, training at Granular DXB, and private tuition with internationally recognized artists.

During his time in Dubai, 13uxz held residencies at Masti, Blue Seafood Asia, Jamavar and Mimi Mei Fair. He regularly performed at corporate events, including a COP28 staff closing party and the Tilal Al Ghaf Real Estate Awards. His preferred genres — Latin, Organic, Afro and Melodic House — shine through not only in his DJ sets but also in his personal remixes, edits and productions released on various record labels.

Now back in London, 13uxz is a versatile DJ that brings extensive experience collaborating with live percussionists and saxophonists, seamlessly integrating live elements into his sets. Career highlights include entertaining 25,000 people during the Dubai Shopping Festival on New Year's Eve, performing at the techno event Modulate at KYO on the Palm, and appearing at Sounds by Laya / Sounds by AKS events. His mixes have been featured on BeatFM as part of a weekly show.

## TESTIMONIALS

*"I worked with David for over five years, from Masti to bringing him to both our LSL Capital restaurants, Mimi Mei Fair and Jamavar. I never saw David as an external contractor. He was a partner and a core part of the team, always there, always involved, genuinely invested in the music management and audio across all our venues and always putting in extra effort to help grow the business. I trusted him completely to take care of everything music related and never had to worry when he was there."*
